

## Blood Group Campaign Project 1.0

### Project Proposal

Human Resources Development Wing

Rhukkengor Valeddeer Gabusya (RhuVaGa)

To Executive Committee of RhuVaGa,

Warm greetings from Human Resources Development Wing of Rhukkengor Valeddeer Gabusya (RhuVaGa). The HRDW team has planned to take a project of **Blood Group Campaign Project 1.0** in CHT (Place would be confirmed by Discussion).

We have to make them understand the benefits of knowing the blood group and blood donation. Because blood donation refers to a practice where people donate their blood to people so it helps them with their health problems. Blood is one of the most essential fluids of our body that helps in the smooth functioning of our body. Most people of hilly areas in Chittagong Hill Tracts don't know their blood groups and are not aware about the importance of blood donation.

Therefore, we hope we can implement the project as soon as possible by discussing among Executive Committee members.

Regards,

Human Resources Development Wing

Rhukkengor Valeddeer Gabusya (RhuVaGa)

To implement the Project, need some ingredients and reagents to test the blood samples. These are given below -

Ingredients	Quantity
1. Reagent (Anti-A, Anti- B, Anti-D)	2
2. Lancing Device	3
3. Lancet	2/3 Packets
4. Cotton	
5. Slide	200/300
6. Alcohol
